

Minarva Mallik

Product leader with 12+ years of experience in banking and fintech, driving end-to-end product strategy, discovery, and delivery. Currently leading Alerts & Notifications for J.P. Morgan & Chase Commercial Bank. Previously owned Scheduler and led Payments for Rent Management at JPMC. Subject matter expert in Payments and Open Banking. Actively building hands-on depth in AI — having prototyped agentic systems including multi-agent pipelines, RAG, MCP, stateful memory, web search agents, and evals — combining product strategy with AI engineering to build what's next.

WORK EXPERIENCE

Product Lead

April 2023 – Present

J P Morgan & Chase

3 Years, 1 Month

JPMDDB – Alerts & Notifications (Current)

- Driving end-to-end strategy and delivery for **JPMDDB**, a multi-channel notifications platform for commercial banking clients and bankers
- Architecting unified notification layer spanning **email, SMS, in-app, push, and digest** — defining personalisation, preference management, and alert taxonomy
- Leading cross-functional alignment across engineering, design, compliance, and business stakeholders in the Commercial Banking line of business
- Setting product vision, OKRs, and roadmap; driving discovery to improve client engagement and reduce operational noise

Rent Management – Payments

- Led Payments product enabling end-to-end rent payment processing through to merchant settlement, supporting over **\$300K in monthly transactions**

Scheduler

- Launched Scheduler empowering Middle Office and Bankers to manage client meetings, improving **operational efficiency and client engagement**

Senior Product Manager

July 2021 – Mar 2023

Goldman Sachs

1 Year, 9 Months

Money Movement – Payments Platform

- Product Manager for Money Movement across **6 Lines of Business**: Checking, Savings, GM Card, Apple Card, Apple Savings, and Invest
- Scaled Bank Linkage from feature to platform product — **3K to 3.7 million customers in a year** via ACH, Wire, and Book-to-Book

Associate Vice President (Product Owner)

Jun 2019 – Jun 2021

NatWest Group

2 Years

Enterprise Engineering – Accounts & Payments

- **Product Owner** for Open Banking Regulatory APIs across **12 brands serving 19 million customers** (AISP, PISP — BACS, CHAPS, SEPA, Faster Payments)
- Product Owner for **Bank of APIs & Developer Portal** — ideation to delivery for 1,000+ Third Party Providers
- Ideated 'Nirmaan – Co-creation Hub'; RPA optimisation delivering **40% effort reduction, 25% cost saving**; IFRS 9 automation reducing timeline by **50%**

Senior System Engineer

Sep 2012 – May 2017

Infosys Ltd.

4 Years, 9 Months

Business Analyst – Client Engagement & Requirements (1 yr 9 months)

- Worked with US-based banking clients to gather, document, and translate business requirements into detailed functional specifications for engineering teams
- Facilitated requirement workshops, gap analysis, and UAT cycles; acted as primary liaison between business stakeholders and technology delivery teams
- Drove process improvement initiatives, identifying workflow inefficiencies and proposing solutions that improved throughput and reduced manual effort
- Managed change requests, traceability matrices, and delivery governance to ensure scope and timeline adherence

Engineer – Mortgage System & Finance Automation (2 yrs 6 months)

- Designed and developed full migration of the Mortgage System from legacy platform — **100+ objects** (52 tables, 40 procedures, 18 SSIS packages) — achieving **85% performance improvement**
- Optimised database layer for Loan Origination, Insurance, and ESCROW modules, significantly reducing query time and processing overhead

- Automated **IFRS 9 accounting standards** implementation and led **Ledger Closing Acceleration** via RPA, cutting respective timelines by **50% and 30%**
- Awarded **Radiant Innovators Award** (SunTrust), 2× CIO Awards, 2× INSTA Awards, and Mysore DC Excellence Award for engineering and delivery excellence

Technical Product Manager (Internship)

Apr 2018 – May 2018

VISA Inc.

2 Months

- Strategic initiative to onboard non-traditional market players targeting **1,000+ partners**; designed MVP experiments for a marketplace of financial solutions

PRODUCT PORTFOLIO

Portfolio: minarvamallik.github.io/ai-pm-portfolio.html

SKILLS

Product Management

Core: Product Strategy • Roadmap • Discovery • Product Design • Go-to-Market Planning

Execution: Stakeholder Management • Prioritization • Cross-functional Teams • OKR Definition • Data-driven Decisions

Research: Market & Competitive Analysis • User Research • A/B Testing

Domain Expertise

Payments: ACH / Wire / Book-to-Book • Merchant Settlement • BACS / CHAPS / SEPA • Faster Payments

Banking: Open Banking • Regulatory APIs (AISP/PISP) • Bank of APIs • Commercial Banking • Developer Portals

Platforms: Alerts & Notifications • Multi-channel Messaging • TPP Ecosystems

AI & Technology

Agentic AI: Basic Agents • Multi-Agent Pipelines • Web Search Agent • Stateful AI & Memory • Auto-Retry

AI Concepts: RAG • Evals & Benchmarking • MCP (Model Context Protocol) • Prompt Engineering • LLM Product Design

Tools: Tableau • Power BI • SQL • Postman / Swagger • Jira / Confluence • Balsamiq

EDUCATION

Indian Institute of Management Bangalore (IIM Bangalore)

Master of Business Administration (MBA)

2017 – 2019

CGPA 3.13 / 4.0

Jönköping International Business School, Sweden

MBA Exchange – International Portfolio Management & Microeconomics

Sep – Dec 2018

Veer Surendra Sai University of Technology, Burla

Bachelor of Technology – Computer Science & Engineering

2008 – 2012

CGPA 8.12 / 10
